The Annual School Compliance Report (ASCR) enables schools to navigate and be accountable for the implementation of a range of department policies and reporting requirements. The ASCR builds on the Policy Compliance document used as part of the External School Review (ESR) process from 2015-2017.

The ASCR outlines the department policies and processes which directly impact on either the effective operation of a school or the public reporting of a school as part of legislative requirements.

The ASCR does not include every department policy or reporting requirement that impacts on schools. Rather, it is a self-checking and reporting process that sits alongside the existing statutory compliance work of various units; for example, Audit and Risk [school finances and census], the Safe Team [child protection], the SACE Board and Work Health and Safety.

Checklist Process:

Complete each section of the checklist by checking one of the boxes:

- Yes:** Confirming that the policy or procedure has been implemented appropriately in 2018
- NA:** Not applicable to this school
- TBD:** To be developed

In the section below identify any area(s) of non-compliance and advise what action the school is undertaking in 2019 to address non-compliance.
